

LYLA

McBeath
FUJI
WARA

Hi, my name is Lyla. I recently returned from two years working abroad as an IT educator in the Peace Corps. Now I'm looking for challenging, intellectually stimulating, creative work where I can organize, program and learn with other brilliant people.

Highlighted Experiences

Camp Director and Founder, Camp TechKobwa Girls Computer Camp
Gashora, Rwanda 1/2013-8/2013

Assembled and managed a team from Girls in ICT, kLab, Carnegie Mellon University and Peace Corps volunteers to plan a one week girls ICT camp for 48 disadvantaged students from 7 schools in Rwanda.

Programming Teacher and School Technician, Gashora Girls Academy
Gashora, Rwanda 9/2011-12/2013

Taught grade 10 and 11 students C++ programming and computer skills; this included writing full curriculum and incorporating technologies such as Edmodo, Wikispaces and Scratch. Also directed maintenance of two computer labs and teacher laptops. Aided admin by implementing and training staff to use SchoolTool, an open source Student Info System. Created a Python script that generates grade reports.

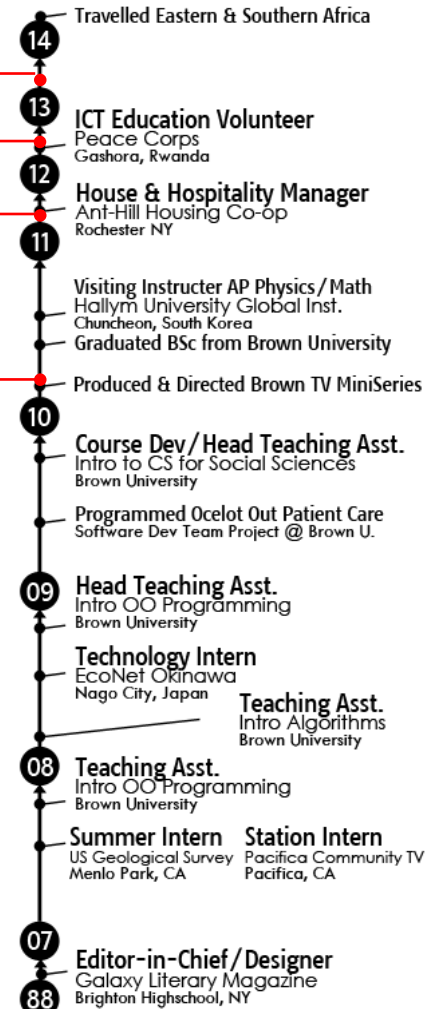

Project Manager / System Admin / Graphic Designer, FANSHOES Inc.
Rochester, NY 10/2010-8/2011

Supervised four interns to meet project needs and deadlines for fast paced start-up. Designed and maintained Ruby on Rails based e-commerce website and conducted general system administration duties including writing Python scripts, maintaining hardware and providing technical assistance in the office

Mobile Video Games Development Project, Brown University
Providence, RI 1/2010-5/2010

Designed and programmed video games for the Android OS. Play-tested, revised and released finished work on the Google Play Market
